

Commemorative & Event Gifts

Commemorative & Event Gifts

An interactive desktop gift that demonstrates the balance in a client's business.

A fun, themed trophy for a corporate cook-out event.

VIP gift to commemorate the release of a new postage stamp.

Christmas tree ornament for employees involved in the inauguration of a new aircraft.

"Swag bag" gift for suite guests.

These are products that are created to honor an event or important achievement, such as corporate anniversaries, brand & logo changes, mergers & acquisitions, product launches, units or dollars sold...virtually any benchmark organizational occasion or result. These often take the form of a "desk drop", by which a large number of people receive a directly drop-shipped gift simultaneously. Packaging is typically a key element in amplifying the impact.
